Dear Mr Cornè,

On behalf of the Jobstart team and all of our future students I would like to thank Bridgeport Technical services for their kind donation of Twenty 486 computers.

As you are aware we are planning on running an Office Studies course in our new financial year and your kind donation has now help make this a reality. With the ever increasing cost in IT equipment the contribution your organisation has made to Jobstart will enable us to use our funding on other areas that are greatly in need of developing.

Thank you again for your kind assistance.

Regards,

  
Jacquie Farr  
Programme Manager
